JAN. 2019 - PRESENT

Volunteer bicycle mechanic, assisting folks in the community with bicycle-related concerns. Bike Kitchen representative at educational events.

UX DESIGN EXPERIENCE

UX design, as well as community outreach work, are highlighted in my personal website. The user-centered design process, my personal ethics, as well as my CareerFoundry projects, TatThat and Note Life, can be found in the UX design section. In both projects, I honed my attention to detail, empathetic communication, and the use of programs listed in the tools section of my resume. I crafted my UX portfolio with a minimalistic design so the work can do all the talking.

EDUCATION

Certificate in User Experience Design

CAREERFOUNDRY • OCT. 2018 - JUNE 2019 • OAKLAND, CA

B.S. Environmental Science with Chemistry Minor

WESTERN WA UNIVERSITY • SEPT. 2011 - DEC. 2013 • BELLINGHAM, WA
